## GHS Glee Club Rates Festival High

The Grayling High School Glee Club, with Mrs. Joseph Stripe directing in the absence of Mrs. Roy Mines, received three one's and one two in the District IX Spring Choral Festival of the Michigan School Vocal Association held at the Catholic Central High school in Alpena Saturday.

One adjudicator commented that she had written nothing on her valuation sheet as she had been too busy just enjoying the fine performance. Other comments were made of "Very good", and so forth.

Linda Christian took charge of the Grayling group during the sight-reading, and was complimented by the adjudicator, who also remarked that they showed good training and said "I'm proud of you."

The biggest thrill of the day was to find the Grayling club had been chosen to be among the five judged most excellent, and to repeat one of their selections in the afternoon concert, which was broadcast over the Alpena radio station. The massed chorus of about 800 students from 17 groups rehearsed in the afternoon and sang four songs at the concert.

Mrs. Elmer Fenton accompanied the glee club to Alpena.

## Viking Trackmen Begin Workout

The 1965 Grayling High track team has begun workouts for the coming season in the gym under new coach, Don Ferguson. First preparation began inside last Monday with 30 hopefuls out, Coach Ferguson said.

THIS YEAR'S team will be short on experience, Coach Ferguson said, adding that only ten lettermen were available. They are: Mark Day, Bill Tinker, Richard Smith, John Sorenson, Walt Nielson, Ken Halstead, Pete Funk, Ron Lovell, Steve England and Bob Wymon.

The entire track schedule has not been completed as yet, Coach Ferguson said. It may be completed to be published by next week, but it is known that it will include at least one big quadrangular meet here with three other conference teams competing with the Vikings.

## Start Plans For 1965 Canoe Race

Preliminary plans for a 1965 AuSable River Valley Canoe Race are underway. Several meetings have been attended by Chamber representatives where extensive discussion regarding consideration of factors which would improve the race has been held.

For many years the AuSable River Valley Canoe Race has grown in popularity as an area attraction, thereby keeping pace with expanding interest in Michigan canoe trails.

National recognition of this event has long been established as a world's championship race with entries coming from many states as well as from Canada.

Present plans call for a return to a one day marathon, a factor which originally contributed most to establishing what has often been referred to as the granddaddy of all canoeing attractions.

With due consideration to the many details involved in sponsoring this annual event, the spectators viewpoint, the economic factor to the communities along the river, and most important, the safety factor of the racers, a date of August 21st has been selected, thus providing adequate daylight hours.

THE BEST possible use of these hours should be considered as the prime factor in planning a starting time at Grayling. General knowledge of elapsed time on the river would thus enable communities along the river to better arrange local activities to coincide with the progress of the racers.

Consumers-Power Company who has provided \$3,050.00 prize money for the past three years has again been requested to participate as a co-sponsor. Word has not yet come by a circuitous route from a group of Buddhist Islands south of Japan.

## Article Mentions AuSable Canoe Race

The April, 1965 issue of Ford Times magazine has an article on canoeing, in which the AuSable canoe marathon is given mention. This is in connection with the "See America First" suggestions being put forth. Welsh Motor Sales has a limited supply of the booklets available on a first-come, first-served basis. The issue is entirely devoted to the Lake states, its tourist attractions and other information.

## FIRE DEPARTMENT CHIEF RESIGNS AT FREDERIC

By Jess Skinner

At the regular Monday night meeting of March 1, 1965, Chief Arthur Mayer of the Frederic Township Volunteer Fire Department, presented a letter of resignation effective April 1, 1965.

As he explained, he is very reluctant and disappointed in having to relinquish his post, but has been advised by his physician that it would be a definite hazard to his health to continue to actively handle the responsibilities and duties of Chief.

MR. MAYER in due course of his retirement from the Detroit Fire Department with rank of Captain, found this area to his liking, where he could pursue and fully enjoy some of his favorite out-of-doors recreation as found only in Michigan's Water Winter Wonderland. Thus he established his present home on Old 27, some 1 1/2 miles south of Frederic, and was to become a very active citizen. Little did he realize that events to come would be so instrumental in luring him back into the vocation from which he had just retired.

In 1961-62, several disastrous fires in Frederic awakened the citizens to the fact a fire department was a necessity. Accordingly they banded together at a meeting organized by Mr. Allen Leng and Mr. Fred Dunclell and attended by some 100 citizens and neighbors from near-by towns and villages. Interest and encouragement in the project was given to this meeting by such guest speakers as Milow Case, Chief of the Grayling Fire Department.

## Lily Days for Grayling April 9th and 10th

Local children will sell paper lilies on the streets April 9th and 10th. The money will be used by your local Easter Seal committee to buy shoes, crutches, braces, etc., for anyone handicapped. A younger person wishing to sell lilies please contact either Mrs. Larry McNamara or Mrs. Bud Gould. A prize will be offered the child selling the most lilies.

Ever stop to wonder how the lily came to be the symbol of Easter and where it came from to begin with?

A little research reveals an interesting story and a surprising one. Most of us no doubt are familiar with the Biblical quotation about the lilies of the field and have assumed — if indeed we thought about it at all — that our familiar Easter flower originated in the Holy Land.

Nothing is further from the case. Our Easter Lily, incorporated into so much religious art and used so widely in church ceremonies, came by a circuitous route from a group of Buddhist Islands south of Japan.

IT WAS A Christian missionary who brought the lily to the western world, however, on a journey back to his homeland after years in the Orient.

## Community College Meeting Report

The four-county Community College Committee met Thursday, March 25th at Grayling to review with Dr. Max Smith of Michigan State University, the Feasibility Study he was asked to make for establishing a community college in this area.

After deliberation the committee asked Dr. Smith to prepare the proper material for the State Board of Education because, by law, the Board must approve all community college districts in the State of Michigan.

If the State Board of Education approves establishing a community college in the four-county area of Crawford, Ogemaw, Oscoda and Roscommon, the committee will ask that the issue be placed on a ballot and voted on by the electorate of the four counties. No date has been set for an election.

## G. H. S. Wins District Crown In Forensics

Competing in the state speech contests for the first time in its history, Grayling High School took first and second place honors in Declamation and second place honors in Original Oratory at the District Forensic Meet held at Roscommon on Friday, March 26.

Janice Beery won first place in Declamation with her delivery of "Procrustes and the Parrot." Second place went to Gayle Feldhauser, who delivered "And God Created Man."

In the Original Oratory division, Vicki Wells placed second with her oration, "We, the 49ers." All three local winners are members of the Sophomore Class.

The only other school to win three places in the District Contest was the host school, Roscommon, which took first place honors in Interpretive Reading and Extempore Speaking, and second place honors in Humorous Reading.

Kalkaska won first place honors in both Humorous Reading and Original Oratory. Lake City took second in both Interpretive Reading and Extempore Speaking.

All first and second place winners from the schools of this district will now enter the Regional Forensic Meet at Petoskey later this spring.

Other Grayling contestants who placed were Cheryl Smock, third in Original Oratory; Rhea Stripe, fourth in Humorous Reading; and Martel Bobenmeyer, fourth in Interpretive Reading.

Nancy Dykema, Pamela Gibson, Robert Jackson and Mike Worden. EACH SCHOOL is allowed to enter two contestants in each of the five forensics contests. Locally, Grayling High School held contests only in Declamation and Original Oratory. With the addition of a speech course to the G.H.S. curriculum next year, it is hoped that local contests can also be organized in Interpretive Reading, Extempore Speaking, and Humorous Reading.

Most of the success of the local speakers can be attributed to the fact that they were given the opportunity to appear before many local clubs and organizations during the past month. It is hoped that our three district winners will also be invited out before the public, as a preparation for their regional competition.

## EAST LANSING TO HOST MEETING

## To Be Held at High School Gym

The Spring Election for the City of Grayling will be held next Monday, April 5th. To be elected are: two members of the City Council, a Justice of the Peace and a Constable.

Polls for both Precincts One and Two will be located in the foyer of the Grayling High School gym and will be open from 7 a. m. to 8 p. m. on the day of election.

Five men have filed nominating petitions to run for the two posts of City Councilman. The names which will appear on the ballot are: the two incumbents running for re-election, Grover C. Cason and Alfred J. Sorenson; Earl Broadbent, a former member of the City of Grayling Fire Department for over thirty years; Harold J. Long, Grayling restaurant op-

erator and former Commander of the Grayling Post 106, American Legion and Robert Stephan, former City of Grayling policeman. The men elected are to serve for four years.

ALSO ON THE ballot will be two names seeking election as Justice of the Peace for a four year term. The post at the present time, is filled by Don K. Gothro of Grayling who was appointed by the City Council to fill a vacancy last fall when the elected Justice left the City for the winter. Olin Williamson, the former Justice, is one who filed to run and whose name appears on the ballot. The other is George Bielski Sr., former Grayling Chief of Police.

There is a place on the ballot for the post of Constable for a two year term but no one filed to run. Names may be written in.

Plan First Annual School Art Exhibit

An added attraction of the Sophomore play, "Jane Eyre" will be the First Annual Grayling High School Art Show, which will run simultaneously with the dramatic production.

Among the original art works to be shown by the art classes of Mr. Bufo will be oil paintings, ceramics, and hand-carved sculpture. The exhibit will be displayed in the mezzanine foyer of the high school gymnasium.

The Art Show will be open at 7:00 p. m. and again after the play. Student artists will be on hand to explain their work. Refreshments will be available during the Art Show. Patrons of the arts are promised a delightful evening of entertainment.

1965 TROUT QUEEN TO BE SELECTED APRIL 3rd

Grayling's Miss Lauri Olson will be using an archery exhibition as her talent category when she competes in the upcoming National Trout Festival Pageant at Kalkaska, April 3rd.

Lauri will be representing the community of Grayling where she recently won the title of Miss Michigan Winter Sports Queen at the Annual Michigan Winter Sports Festival.

The National Trout Queen Pageant to select the 1965 National Trout Queen will be held Saturday, April 3rd, at 8:00 p. m. in the Kalkaska High school auditorium.

Representatives from many Michigan communities will be vying for the title to rule over the 29th National Trout Festival, April 23, 24 and 25. The new Queen will also represent thousands of fishermen in the Michigan Pageant at Muskegon in July and in many other events throughout the year.

Those entered to date include Becky Sue Newland, "Miss Mantion"; Diane Louise Hyde, "Miss Roscommon"; Judy Rae Baker, "Miss Missaukee County"; Claudia Lynn Jewell, "Miss Buckley"; Catherine Cavitch, "Miss Kalkaska County"; Mary Louise Paxton, "Miss Traverse City"; Lauri Ann Olson, "Miss Crawford County"; Martha Lenora Church, "Miss Bridgeport"; and Linda Hale, "Miss Boyne City". Several other entries are expected before contest time.

THE TALENTS range from Trick archery exhibitions, free form exercise, dress designing, ballet and modern dance, piano medley, singing, monologues, to monologue with song.

Sponsoring and directing the activities of the county "queen" is another function the Chamber of Commerce has undertaken. By expansion of cooperation with other communities, public attention can best be directed to the excellent facilities and tourist attractions of northern Michigan.

For about the cost of a bi-weekly shampoo-suit-makeup or a best-seller or a dinner in a first class restaurant the Pap-test can be done.

Isn't this a small price to pay for "Peace of Mind"?

It is pointed out that early-found uterine cancer can be cured for about \$300.00, while a failed-to-cure case costs some \$12,000.00 to the individual and community.

NOTICE

## VITAL STATISTICS AND PRE-SCHOOL CLINICS

A Birth Certificate is a legal document and every parent should keep the original or a certified copy in a safe place. It is necessary to bring one to school on the day of registration for proof of age of the child. The copy should be filed in the permanent record file of the child at school, and the file transferred to each school the child attends. If a certified copy is not available at the time of registration at school, the hospital record is acceptable, but should be replaced in the permanent file with a copy of the birth certificate certified by the Vital Statistics Division of the Michigan Department of Health or by the County Clerk's Office in the County of child's birth.

If the Certificate is in the school's file, you will know where this copy is. The Birth Certificate is a legal document needed not only for proof of age for entrance to school, but for Drivers License identity, registration for Armed Forces, for proof of relation in wills, for Social Security, and for Death Certificate information.

The Pre-School Conference each spring is for the parents to

become acquainted with persons and procedures associated with the school in which the child will be enrolled in the fall.

Information is given regarding what is expected of the child and the parent. A member of the Health Department is usually present to brief the parents in regard to illnesses of children and when the child should remain from school because of rash, fever, sore throats, respiratory conditions, and other illnesses.

On the day of registration at the Pre-School Conference, the parent of each child should bring the certificate of proof of all immunization against communicable disease required by Michigan Law before entrance to school for the first time. These health records are to be signed by the doctors, or health officer, who has the child's record of immunization against Smallpox, Whooping Cough, Tetanus, Diphtheria, and Polio.

ALL QUESTIONS pertaining to Pre-School registration may be directed to the Superintendent of the school in which the child is enrolled or to the local Health Department. In this case the District Health Department No. 1, with an office in each county: Lake City in Missaukee County; in Grayling, Crawford County; Kalkaska County at Memorial Hospital; and Cadillac, Wexford County.

In Michigan, Births and Deaths were first registered by County Clerks and the Michigan Secretary of State in 1867, in Marriages 1888, and Divorces in 1897. The completeness of reporting was about 50%. Standard birth and death certificates were developed by the Federal Government in the early part of the 20th Century, but it was in 1933 before all states in the United States qualified.

It was 1921 before Public Health significance was attached to these records and they were transferred to the State Health Department.

Because of it, the increasing need for official proof of date and place of birth, procedures for establishing delayed birth registrations were started and became the responsibility of the Probate Courts. All birth certificates of "illegitimate" children are registered at the Michigan Department of Health, not at the local County Clerks office. Adoptions have always been handled thru Probate Courts, but since 1933 the Adoption records have been filed with the Birth Certificates.

THE VITAL Statistics Section of the Michigan Department of Health receives and processes all records of births, deaths, infant (fetal) death, marriages, and divorces and adoptions occurring in Michigan. A photostatic copy of the original is a dollar and the certified copy is fifty cents. Statutory provisions are made for correction of birth and death records. Information and correction forms are available from the Vital Statistics section of the Michigan State Health Department in Lansing. On request, corrections can be made and records and copies obtained of those on file or records can be established which are not on file. Vital Statistics Laws are printed in booklet form and also are available on request.

### PONY TALES

By Janet Olson

Spring is truly bursting out all over at the South Branch Ranch. The new arena is finished and in use every day. Twin lambs were born last week and little wobbly legged foals are arriving daily. Such beautiful Appaloosa foals with their spotted hind quarters and alert faces. Each of the maternity stalls has a heat bulb hanging in it and it's amazing how quickly the little ones learn to find a warm spot to nap under Mothers watchful eye.

Today I watched Steve, Marty and Lynn work some of the cutting horses. The Ranch has its own herd of cattle now and the cutting horses are becoming more proficient with each lesson. To watch a good cutting horse work is something of real beauty and Marty has trained these to instantaneous action.

We have taken some pictures of the trophy room and will try to show them to you soon. It's impossible to get every thing into one picture as the Ranch took honors in every show they attended last year and the ribbons and trophies cover two walls.

Our own pony family has grown to seven with the delivery of two new ones from the South Branch Ranch last week. One of our babies will be leaving soon to a new home in Traverse City. I always worry about them when they first leave as I'm afraid we spoil them and I wonder if they get the same attention from a new owner. I like to have a pony go to a family with teenagers.

I READ an article recently that mentioned the fact that juvenile problems were almost unheard of in children interested in horses, ponies, cattle, etc., and with our own children we have found this to be so true. Even the little ones look forward with interest to the arrival of a new foal. They know that the stallion is to be respected and his stall is off limits when they are in the barn alone, that a friendly mare might not be quite so friendly when she has a brand new baby. Each day there is something new to learn and believe it or not all young people do want to learn. While he is learning about his pony he will be learning all sorts of things, such as, his pony is measured in "hands" there are four inches to a hand hence if his pony is 50 inches tall he will want to know how many "hands" tall his pony is. If he plans to put up a new fence and must buy his lumber by the running foot let him figure out exactly how much he will need. The interest is there in every youngster, it just needs to be pushed to the front a bit.

Keep the date of June 6th in mind. South Branch Ranch has great things coming up. I will give more details later, but keep this day open.

### Fire Chief Resigns At Frederic

(Continued from Page One)

Department (at that time) Leon Jones, Chief of the Grayling Fire Department, and Sgt. Anderson of the Grayling Post, Michigan State Police.

AT THIS meeting, held on April 5, 1962, the Frederic Township Volunteer Fire Department was unanimously voted into reality. Officers were elected as follows: Arthur Mayer, Chief; Allen Leng, 1st Asst. Chief; Fred Duncleley, 2nd Asst. Chief; Leo Post, Captain; Bernard Hinkle and Ray Middleton were chosen as Secretary and Treasurer, respectively.

A Building Committee was also formed immediately, comprised of Allen Leng, Chairman, Messrs. Valdik, Volinde and Horner, with Mr. Dave LaForest of Detroit volunteering to do the electrical work. Construction of the Engine House began on April 20 and thru the gracious donations of materials, time and labor, the building soon appeared as a reality. Because of the continued interest and fine cooperation by so many people, progress resulted in having the building ready for official dedication on Sept. 30, 1962. Mr. Sanford Brown, State Treasurer, formally presented the Engine House keys to Mr. Ray Murphy, Township Supervisor. Miss Jean Van Vallen

### FOOD TRAINING MEETING HELD

By Mrs. Marius Rogalle

The Crawford County Extension Study Group ladies met at the Grayling Township Hall at 1:00 p. m. on March 25. Dr. Portia Morris, Foods and Nutrition Specialist from Michigan State University was introduced by Mrs. Clifton Papendick and spoke on Food Information and Misinformation.

WE LEARNED that many purchases we could make would be unnecessary and an expensive waste of money if we are lured to buy food supplements from promotional ads we read instead of on the advice of our physician. Generally speaking an adult gets what is needed for health from a well-balanced diet and would only require additional vitamins when we have a chemical reaction which does not permit utilization of a particular vitamin. Vitamins may be prescribed when food intake is small and the body needs will not be supplied and could occur in young people or in those recovering from an illness; but this is a diagnosis our physician can make since most individuals are not qualified to do so. For instance taking too much of a high potency vitamin can result in a toxic condition to the person doing so, as the body could not utilize more than you need.

From a nutrition standpoint it is surprising to know that even the experts do not always agree regarding diet where heart disease is concerned. However they do agree from statistics that a likely subject for an attack could be a person falling in two or more of the classes following: 1. Tendency to heart attacks in family. 2. Overweight. 3. Excessive smoking. 4. Women are less prone than men except after middle age. 5. Occasionally pressure depending on cause.

PESTICIDES present less of a problem in our foods than food handling causing contamination. The hazard of pesticides is greater to the product user if he does not follow directions. Once again we realize the need to READ THE LABEL THOROUGHLY before proceeding to use package contents. A question and answer period followed which showed us the best way to diet to lose weight was to eat a balanced diet but cut down on quantity. A fad diet would be more apt to find us feeling hungry. Leaflets were given out which can be used for reference in our individual group discussions.

(Miss Michigan at that time) cut the ribbon, officially opening the apparatus entrance ways. Another worthy and very active organization was also formed, the Ladies Auxiliary, with Miss Anita Lozon as Chairman. Their efficient and sincere work in carrying out many varied plans for raising needed funds, their coffee and sandwich service for the men all thru the construction period week-ends, had much to do in keeping up the enthusiasm on the project. And they must be given credit for the planning and developing of what will soon be an attractive new community park.

THE FORGOING, in a nutshell, is a commendable example of the progress made in various sites in Crawford County, and particularly in the community of Frederic. It is with much pride and satisfaction that "Chief" Mayer looks back upon these accomplishments, now so obvious, because he too gave freely and sincerely of his knowledge, time and efforts. He publicly desires to express his sincere thanks and appreciation to the members of the Frederic Township Board for their official and financial cooperation. Also to all members of the Fire Department for their interest and response to fire calls, and the good work they have done. And to all others who have in some way helped to stamp "Progress" so indelibly in this community. He also wishes to have it understood that he will continue to be available for suggestions and/or assistance.

Incidentally, relative to Mr. Mayer's resignation, the following changes or promotions have been made: Mr. Allen Leng, Chief; Leo Post, 1st Asst.; Ernest Barber, 2nd Asst.; Wm. Nowlin, Capt.

### HOME ECONOMICS PROGRAM

By David D. Olson  
County Extension Director

Never before in history has home economics had so much to offer to so many people. This is the conviction of Lois Davis Whitfield, new leader for home-economics family living programs for the Michigan State University Cooperative Extension Service. Mrs. Whitfield will provide direction for educational programs that reach Michigan in all 83 counties.

In Crawford County over 100 women participate in the educational programs offered through the Home Extension Study Groups.

We know more about nutrition and the use of foods, adequate housing, clothing management, personal development and other family-related concerns that we ever did in the past. A sound program of home economics-family living can contribute to the prevention of

broken homes, mental illness, delinquency, unemployment and many of the other problems of society.

For the near future, Extension home economics programs will focus on four audiences: low income individuals and families; young homemakers and their families; home economics Extension study groups; and the elderly. Extension programs will also be working towards expanded educational opportunities for women.

Local women interested in the Extension Home Economics-Family Living program should contact Mrs. Joan Papendick, County Chairman for further information.

## Phone Tax Should Go...

We telephone users have been paying a 10% Federal Excise Tax on our phone service for the last 22 years. This was a "temporary war tax" and most of us didn't grumble when it was levied because we are basically patriotic.

The war was over in 1946 but each year Congress has extended this tax. Now the President wants to make it permanent. He has directed that "all excise taxes not repealed in 1965 should become permanent."

Our job is to get the tax repealed. It will take much public opinion pressure, but it can be done if each of us writes to our Congressman immediately. The tax is unfair — it is discriminatory — only telephone users pay it since no other utility service is so taxed. It is a regressive tax, hitting hardest at people on limited income. It is an illogical tax that places telephone service in the same class as furs, perfume, booze and jewelry.

We consider telephone service a vital necessity, not a luxury. Let your Congressman know how you feel.

## Spring....

"Spring, with her golden suns and silver rain, Is with us once again."

So Henry Timrod wrote. And many millions of us must have been thinking in those terms, though in a more prosaic fashion. For it has been a long, unusually hard winter in much of the nation, with snow, sleet, rain, floods, storms and extreme cold the order of the day.

But Spring is with us once again. To inform those who are statistically minded, it arrived officially at 3:05 P. M., Eastern Standard Time, on March 20. This does not mean, of course, that the skies will clear and the air turn balmy all of a moment. Nature has a way of ignoring the calendar, and many a Spring in its beginnings has been indistinguishable from the Winter that preceded it. But have patience — the good days are near at hand. The buds will pop from the earth, the trees will flower. It will be time to check out the garden tools and the lawn mower again — the aphids must be sprayed away, the rose bushes trimmed and tended, the onrushing grass curbed. But, even with these chores to accomplish at regular intervals, there will be time for fishing and for just loafing and enjoying the scents and sounds that are uniquely those of Spring.

And later? Well, it won't be long until we'll be able to repeat the words of an unknown poet who wrote seven centuries ago: "Summer is icumen in..."

And St. Patrick did not forget us, remember.

## In Grayling 23 Years Ago

Interesting Items of News Gathered From the Files of the Avalanche of 23 Years Ago.

APRIL 2, 1942

A number of nice comments on the letter published in the Avalanche for three weeks from the Canal Zone. Mrs. Ethel Pierce is the daughter of Mrs. Harry Horton. "Maggie", most friendly and gentle of all the tame Ogemaw state game refuge deer, will not be greeting visitors who drive into the headquarters grounds this summer. Harold Tubbs, game area superintendent, reports that Maggie was killed recently in a collision with an automobile. Maggie was a favorite of many repeat visitors. She habitually met incoming cars to beg for tidbits. Game men liked her because she was a kind and gentle mother to the twin fawns she usually bore each year. Sometimes she adopted orphan fawns. Another first aid class of the American Red Cross is being organized and will meet next Wednesday night at the Grayling High school, under the supervision of Mr. J. Warner. We now have three classes. Entire membership of these classes now approximates 100 students. Upon completion of these classes and passing of first examination, a First Aid station will be established at Frederic and at Whispering Pines on U.S. 27.

They left gifts so that Jackie would remember the party for a long time. When leaving each guest was given a favor.

## Moose Lodge Activities

At the district held in Manistee Sunday, Bill Fitzgerald was re-elected State Vice-President for this district, for the third consecutive year.

Wes Seder is still in Mercy Hospital, and Frank Muth and Rudy Gilbert are in Munson Hospital at Traverse City. We're glad to see those who have been sick, up and around, and feeling much better.

**THERE WILL** be an MYO meeting at Lodge basement Wednesday evening at 8 p. m. Entertainment is planned after a business meeting. The officers and some interested parents met at the lodge last Wednesday evening, and discussed various problems and ideas.

This Saturday is Lodge election day. It is the duty of every member to vote. The polls will be open until 8 p. m. The only qualification is that your dues must be current. Let's make this one of the biggest elections this lodge has ever had.

the Moose meeting in Flint. It looks as though Grayling is going to be represented with a large group receiving their second degree, plus members going, who already have received the degree. We will also be trying to get the next Legion meeting to be held in Grayling, which should bring a lot of people to our fair city.

On April 11th, the degree team goes to Manistee to put on the enrollment ceremonies at their new Lodge grand opening. They will be performing before all the State officers, and some of the Supreme Lodge officers. They enter State competition at Muskegon on April twenty-first.

Don't forget to vote for the officer of your choice Saturday. They are the ones who will be representing you, for the coming year.

Regular meeting will be held Saturday evening, instead of Friday evening this week, at 8 p. m.

## Eager Beavers Surprise Party

The Eager Beavers 4-H knitting Club held their weekly meeting March 20, 1965. John and Barbara Peters, Vicki Neilson, Karl Kersch and Betty Konvicka had been knitting when out from the kitchen came their leader, Mrs. Franz Kersch, carrying a trayful of glasses, plates, chocolate drink and a cake. So the knitters, three of whom are on their second mitten, put away their knitting and got ready for chocolate milk and cake. The cake had white icing and a green shamrock which was made of green sugar. After the party the kids divided up for a snowball fight. After one side saw that the other side was winning the losing side decided we had better go home.

## GABRIEL - MIDKIFF WED IN BATTLE CREEK

Miss Ann Claire Gabriel, daughter of Mrs. Edward James Gabriel and the late Mr. Gabriel of 3061 Kistler Drive, Battle Creek, and David Edmond Midkiff of Jackson, son of Mr. and Mrs. John Midkiff of Route One, Frederic, were united in marriage Saturday afternoon March 13, 1965 at the Chapel Hill Methodist Church in Battle Creek.

The two o'clock double ring ceremony was performed by the Rev. William J. Torrey. Mrs. Ronald Kallinger, organist, accompanied Miss Betty Bradford of Grand Rapids, the soloist.

The bride was given in marriage by her uncle, Dean L. Cummins of Denver, Colorado. For her wedding she chose a gown of silk shantung. The fitted bodice was styled with scoop neck and long tapered sleeves. A self band encircled the waist caught by a tiny bow, with another band extending to the hem of the bell-shaped skirt. Unpressed pleats terminating in a chapel train

furnished the back detail. A double crown of pearls and aurora borealis crystal held her elbow-length bouffant veil of imported silk illusion. She carried a colonial bouquet of white French carnations and pine sweetheart roses with ivy.

Attending the bride were Mrs. John Smith of Jackson, former classmate, as matron of honor, Miss Kathryn Weiss, a cousin, Miss Lee Ann Gabriel, a niece, as bridesmaids, and Miss Patricia Welmers, Grand Rapids, a niece, as flower girl.

Gary Pilippo of Reed City was best man. Seating the guests were James Keegan, Ypsilanti and Thomas Welmers, Grand Rapids, a nephew of the bride.

A reception for the happy couple was held immediately following the wedding. The church parlors were appropriately decorated for the event.

Following a week's honeymoon in New Orleans, the newlyweds are making their home at 1012 Homewild, Jackson, Michigan.

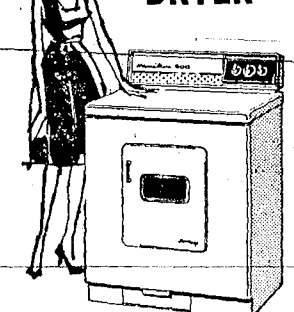

Mrs. Midkiff is a 1961 graduate of Harper Creek High school, and a 1964 graduate of Butterworth Hospital School of Nursing. Before her marriage she was employed in the pediatric department of Community Hospital in Battle Creek. Her husband, who graduated in 1957 from Frederic High School, served with the U. S. Army from January 1959 to March 1962. He is now in charge of the Inhalation Therapy Department of Mercy Hospital in Jackson.

They saw many of the Grayling folks in their travels, including the Arthur Howses, Foryst Barbers, Amos Hoels, Loss.

Howard Granger, Helen Corwin, and Frank Bonds. They said it seemed as if two-thirds of the cars they met on the return trip were from Michigan.

## Attend The Church Of Your Choice

When A  
FELLOW  
Needs A  
FRIEND

A perfect picture of dejection! Perhaps it's another rainy day. Even little children have their serious moments. "What is there to do next?" "Mommy, where did I come from?" Or, "Daddy, is God up in the sky?" Little questions of little children grow into big questions by big people. Sometimes the bigger the man, the more humble the question, and of course... directed to God.

The place for such questions is the Church. In church, ponder the imponderables, ask the old, old questions... receive the gentle answers. Church, too, is God's Home. He's waiting for you there.

## THE CHURCH FOR ALL - ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and read his Bible daily.

1. For his own sake. (2) For the sake of his community and nation. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

His lifetime gets longer every minute.

It's a good deal longer than it was twenty or thirty years ago. And it gets longer every day, thanks in large part to medical research. Over a million men and women are alive today, cured of cancer. Research helped find the answers that saved their lives. Research costs money. The American Cancer Society

Invested over \$12,000,000 last year in the search for more answers. Yet \$2,000,000 in worthwhile research applications, could not be approved by the Society, for lack of funds. Your dollars are desperately needed to help speed the day of victory. Send your check today to CANCER, c/o Postmaster.

**COSTUME FESTIVAL LOTS OF FUN**

Laughter and fun prevailed Sunday afternoon at the Grayling Winter Sports Park as characters as Mae West and Freddie the Freeloader were to be seen flying across the slopes. The occasion was the first Annual Spring Costume Festival. Young and old alike caught the spirit of merriment as skiers enjoyed some of the finest skiing of the year. An excellent crowd was on hand including many of the regular family members from southern Michigan and Ohio.

**THE ANNUAL** Vernon's Couples race was a highlight of the Festival and provided one of the interesting events of the day. The Couples Race was won this year by Betty and Bill Lifford of Lansing who were cheered on to victory by their daughter Patty and sons Jim and Mike. It was a colorful race as costumed skiers ran a zigzag obstacle course laid out on the slopes by Park President Lewis Stillwagon. Each skier would complete two or three of the obstacles and then stop for a cup of Vernon's which he drank before moving to the next part of the course. The Liffords scored their win with a combined time of 3 minutes and 18 seconds. A trophy was awarded and their names will be inscribed on the Vernon's permanent trophy which is on display at the Sports Park Lodge.

**PRIZES WERE** awarded for best costumes in the adult and children's categories. Lora Gould took 1st prize in the women's div., with her stupendous Mae West finery of the old days. Les Hunter's impersonation of Freddie the Freeloader brought him a first place as well as many laughs. Holly Knibbs and Rick Gould were the winners in the children's competition with their amusing costumes. Other comic awards were made to Dr. and Mrs. Henig, Mrs. Ward Ellison, Patsy Wiseman, and Leonard Knibbs. Participating awards went to Mary Kay Hunter, Claudia Henig and Kathy Ellison. Judges for the Couples Race were Mr. and Mrs. Robert Basket of Bay City.

**Three Local Students On CMU Honor List**

**MT. PLEASANT** - A total of 784 Central Michigan University students received grades of 3.0, B, or better for the fall semester 1964-65, according to C. M. Pike, Jr., dean of students.

Of the 784, 277 were freshmen; 161, sophomores; 161, juniors; 185, seniors. Twenty-nine students achieved a 4.0, A, average for the semester.

Included in the group were three Grayling students at CMU. They were: Karen Jean Gothro, a junior; Gary Gen Russell, a junior and Donna Jean Fenton, a sophomore.
